

Trio of Tips for Hand-Quilting by Machine

Visit your Baby Lock Retailer for the products featured in this video:

Baby Lock Sashiko Machine (Item #BLQK2)
Create the look of traditional, hand-work stitching passed down through generations on the Sashiko Machine. Replicate this distinctive and celebrated stitch and add a hand-stitched touch to any project with a machine that is truly the first of its kind.

- Uses 30-weight or lighter threads
- U-Shaped fluorescent lamp
- Color LED Panel for stitch function
- Stitch length 2mm to 5mm
- Stitch spacing 2mm to 5mm
- Single stitch function
- Presser foot pressure adjustment
- Presser foot height adjustment
- Needle plate seam markings in inches and millimeters
- Electronic foot control adjusts and sets speed of bobbin winding

Baby Lock Double Fold Bias Binder 36mm (Item #BLE8-S2)
• This double fold bias binder will turn fabric strips into binding and attach it to project edges all in one step.
• It is perfect for curved edges, collars, and necklines on knit or woven fabrics

Baby Lock Hemmer Foot 1/2" (Item #BLE8-S6)
• Baby Lock's plain hemmer attachment was designed to guide the fabric into a perfectly straight hem without any pre-project pressing
• This foot creates a 1/2" hem
• You'll be amazed by the professional results

Baby Lock Braiding Guide (Item #BLQK-BG)
• This guide fits in the back of the presser foot on the Sashiko machine
• Small sewing braids can be guided in front of the foot and stitched down by the machine, much like a braiding foot
• Perfect for small, flat trims
